

Connect with the Customer in a Warm and Welcoming Way Job Aid

Following are the behavioral tips for Connect with the Customer in a Warm and Welcoming Way:

Connect with the Customer in a Warm and Welcoming Way	
1.	Immediately and warmly acknowledge every customer • Use an appropriate or preferred banner greeting • Welcome them as if your store is your home
2.	Approach the customer with a tablet in hand as soon as you are able
3.	Use positive body language and tone of voice • Show your smile • Make eye contact
4.	Introduce yourself, ask for their name and use it throughout the interaction
5.	Express gratitude for their visit and thank the customer for coming in
6.	Engage in casual conversation to begin building the relationship • Compliment what they are wearing, ask them about their day, etc. • Ask what occasion brings them in or who they are celebrating
7.	Invite them to browse with you • If they would like to browse, allow them space but advise them you are available to assist them when ready
8.	Check Clienteling to determine if they have an existing Customer Profile and if not, create one • An example of language you can use is "Have you ever shopped with us before?" ○ If yes, "Ok, let me pull up your profile." ○ If no, then "Ok, let me go ahead and create a profile for you"
9.	Offer to clean the customer's jewelry (if time allows and your store offers this service)
Behaviors to Avoid: • Going straight to selling and showing merchandise unless the customer very directly asks to see a particular piece • Inquiring about budget prior to building a relationship and determining needs • Starting conversations with promotional messaging
