

Banter Field Commission Overview – Program Summary

Fiscal Year 2027, Effective 2/01/2026 through 1/31/2027

Purpose:

The purpose of the field commission program is to reward and motivate Banter team members by making a portion of their total cash compensation dependent on sales transactions. This overview includes individual commissions as well as team commission bonuses.

Program Description:

The program will introduce new variable compensation elements to Banter's overall plan design. Team Members will have an opportunity to earn a 2% piercing incentive, 5% ESA incentive, and an individual commission incentive in addition to a store manager (if applicable) and team bonus. More information about these incentives is described below. Incentives and commissions earned under this program are in addition to the team members' regular hourly wages.

Eligibility:

- Eligible positions include key sales associates, assistant managers, store managers, district training store managers, apprentices and body piercers.
 - Eligible positions will be referred to simply as “team members” and store managers and district training store managers will be referred to as “store managers” for the remainder of this document.
- **Piercing and ESA Commission** – All team members and store managers regardless of previous sales or sales plan results beginning at time of hire.
- **Commission on Merchandise Sales** – All team members and store managers that have met the required threshold of total sales in FY26 and new hires who meet the monthly tier requirements.
- **Team Member Bonus** – Store must achieve sales plan for bonus payout. Team members must be hired by the 15th day of the current period and must be employed with the Company at the time of payment.
- **Store Manager Bonus** – Store must achieve sales plan for bonus payout. Team members must be in the store manager or acting store manager role by the 15th day of the current period and must be employed with the Company at the time of payment.

Program Components (see detailed description in chart below):

- 2% Piercing Commission
- 5% Extended Service Agreement Commission
- Individual Commission on Merchandise Sales – Annual Reset
- Individual Commission on Merchandise Sales – Period Qualifier/Level Up
- Store Manager Bonus
- Team Member Bonus

Compensation Element	Description	Metrics	Eligible Team Members
2% Piercing Commission	This component rewards team members and store managers for promoting and delivering exceptional service in our core business, Piercing! For every piercing performed, the team member will earn a commission of 2%. It is NOT tied to the Sales Plan.	Begin earning commission on the first dollar, regardless of individual commission tier or time in role. Device ear, device nose sale dollars and all body piercing fees are included.	All team members store managers at time of hire regardless of previous sales or sales plan results.
5% ESA Commission	This plan rewards individual team members and store managers for promoting and selling Extended Service Agreements. Team members will receive a 5% commission for every ESA sold. It is NOT tied to the Sales Plan.	Begin earning commission on the first dollar, regardless of individual commission tier or time in role.	All team members and store managers at time of hire regardless of previous sales or sales plan results.
Individual Commission on Merchandise Sales Annual Reset	This plan rewards team members and store managers with an individual commission payout % on merchandise sales. This incentive is designed to encourage quality sales and excellent customer experiences, and rewards individual performance. It is NOT tied to the Sales Plan.	Payout tier determined by specified cumulative sales prior to earning commission. Qualifiers are based on total sales, payout is on non-piercing, non-ESA, merchandise sales.	Team members and store managers employed the previous fiscal year and reached at least the minimum sales threshold.
Individual Commission on Merchandise Sales Periodic Reset	This component is designed to give all team members and store managers the chance to earn individual commission based on sales for the fiscal period. It also gives team members that are already earning a commission based on the annual reset a chance to “level up.” It is NOT tied to the Sales Plan.	Payout tier determined by specified cumulative sales for the current period. Qualifiers are based on total sales, payout is on non-piercing, non-ESA, merchandise sales.	All team members and store managers at time of hire regardless of previous sales or sales plan results.
Store Manager and Team Bonus	Tiered payout based on sales plan achievement for the period. It is tied to the Sales Plan.	All non-piercing, non-ESA, merchandise sales are included in this bonus plan.	All team members regardless of previous sales. Store managers receive the Store Manager Bonus and participate in the team member bonus.

Details and Payout Calculation Examples

- **2% Piercing Incentive** – All piercings (including device piercing earrings, device nose jewelry, and piercing fees associated with needle piercing) performed by individual team members, will receive a 2% commission on the sale of the piercing.

Payout Calculation Example:

Individual Period Piercing Sales	Individual Period Piercing Commission
\$5,000	\$100
\$8,000	\$160
\$10,000	\$200

Example: An individual team member's piercing sales for the period are \$5,000. The Piercing Commission for the period would be $\$5,000 * 0.02 = \100

- **5% Extended Sales Agreement Incentive** – All ESA sales made by individual team members will earn a 5% commission on the sale of the ESA. ESA must be attached to eligible merchandise to receive commission.

Payout Calculation Example:

Individual Period ESA Sales	Individual Period ESA Commission
\$1,500	\$75
\$2,500	\$125
\$4,000	\$200

Example: An individual team member's ESA sales for the period are \$1,500. The ESA Commission for the period would be $\$1,500 * 0.05 = \75

- **Individual Commission on Merchandise Sales** – Team members that reached specified tiers of merchandise sales in FY26 will earn corresponding commission on all merchandise sales during the period. The individual payout tier is determined by specified cumulative sales prior to earning commission. FY26 merchandise sales were evaluated to determine a team member's payout tier. Eligible team members are those that have met the threshold requirements within the specified timeframe. See individual commission tier structure, below. District Managers will receive this information prior to the launch and will review the team member commission tiers with each individual.
- **Individual Commission Tiers** – The threshold to be eligible for the Annual individual commission is \$50,000 in total sales for Fiscal 2026.

Example 1: A team member achieved \$100,000 in FY26. They will receive a 1.00% individual incentive on merchandise sales and will have the opportunity to level up each period individually.

Example 2: A team member achieved \$40,000 in FY26. They will not be eligible for an individual incentive since they did not meet the \$50,000 threshold. However, if they reach the period thresholds they can still earn commission on merchandise sales for each respective period.

- If a team member did not qualify for the annual threshold based on their last year sales, they will have the ability to receive a commission rate for the period based on the period sales threshold level achieved.
- Team members that have met the annual threshold for the past fiscal year will receive minimally that level payout percentage on their merchandise sales for each period. During the fiscal period, if the team member achieves a greater commission level according to the period reset than their annual commission rate, they will receive the higher payout for their merchandise sales for that period. If they do not meet the same level as their annual commission, they will still receive the annual commission rate.

Payout Calculation Examples:

Individual Period Merch Sales (A)	Individual Commission Tier (B)	Individual Commission Payout (C)
\$9,000	1%	\$90
\$18,000	2%	\$360
\$30,000	3%	\$900

$$C = A * B$$

Example: An individual team member's merch sales for the period are \$9,000 (A) and their Individual Commission Tier is 1% (B). The Individual Commission Payout (C) = \$9,000 (A) * 0.01 (B) = \$90

- **Store Manager and Team Bonus** – The threshold for achievement begins at 98% to plan. Thresholds are designed to provide a higher payout for higher performance to sales plan. Piercing and ESA sales are counted toward total store sales achievement to plan. Bonus payout is only applied to merchandise sales.

- **Store Manager**

Payout Category	Period Sales (A)	Tier (B)	Payout Amount (C)
Piercing Commission	\$7,200	2%	\$144
ESA Commission	\$2,600	5%	\$130
Individual Commission (Merch Sales)	\$18,000	2%	\$360
SM Bonus	\$58,000	1.50%	\$870
Team Bonus	\$18,000	0.40%	\$72
Total Payout			\$1,576

- Piercing Commission (C) = Piercing Sales (A) * Piercing Commission % (B).
 - Result – Piercing Commission = \$4,800 * 0.02 = \$96
- ESA Commission (C) = ESA Sales (A)* ESA Commission % (B).
 - Result – ESA Commission = \$1,620 * 0.05 = \$81
- Individual Commission (C) = Merch Sales (A) * Individual Commission Tier (B).
 - Result - \$18,000 * 0.02 = \$360
- Total Payout = Piercing Commission + ESA Commission + Individual Commission + SM Bonus + Team Member Bonus

Administrative Program Rules:

- Team members from Kay, Kay Outlet, Jared, Zales, Zales Outlet and Gordon's covering a shift in a Banter location are not eligible to participate in all aspects of this program.
- Bonus earned in the team-based awards is in addition to individual commission earned.
- In addition to in-store merchandise, BOPIS sales (Buy Online Pick-up In Store) are eligible for individual merchandise commission.
- The Company reserves the right to modify, revoke, amend, or terminate any of the provisions of this Agreement at any time, except if applicable law prohibits such modification, revocation, amendment, or termination. Any modification or amendment pertaining to how Team Member's commissions will be computed and/or paid will be reflected in a writing signed by Team Member and an authorized representative of the Company, and by signing this Agreement, Team Member agrees to execute such writings to effectuate such subsequent modifications or amendments to this Agreement.
- The administration of this Agreement, including the calculation of commissions, and interpretation of its terms, shall be at the sole discretion of the Company. The Company has the sole discretion to make the final and binding determination of any amount earned and payable under this Agreement at any time, subject to the terms of this Agreement. Team members should submit any disputes regarding the interpretation or administration of this Agreement to their HR Business Partner.
- Payouts for this program will be paid on the Banter bonus payout schedule which can be found on SIGnet under Departments> Human Resources> Resources> HR Documents> Payroll.
- Commission levels utilize the annual reset tiers above for new hires (continuous service date less than twelve fiscal months before a commission reset) and team members with continuous service dates 12 months or more before a commission reset based on the more detailed administrative rules unless it is covered by an exception detailed below:
 - Team members that qualify for one or more of the following reset exceptions during the reset look-back period are not subject to the reset rule and will receive the higher of either (1) the sales commission percent held prior to the reset or (2) the sales commission percent that would apply based on the currently applicable sales threshold under this program. Any use of the exception for consecutive years will require SVP NA Field HR and DVP approval.

1. Team members assigned on the day prior to reset, according to Workday, to all applicable locations.
 2. Team members assigned on the day prior to reset, according to Workday, to stores that were closed for more than 14 days, according to the Emergency Store Closure Report.
 3. Team members assigned on the day prior to annual reset, according to Workday, to stores that were under continuous major construction for more than 89 days, according to the Company's Construction Schedule
 4. Team members on an approved non-Military, non-Intermittent Leave of Absence for more than 14 days, according to Sedgwick, the Company's leave of absence service provider for consecutive years will be subject to a review by the Review Committee.
 5. Team members on an approved Military Leave of Absence, according to Sedgwick, the Company's leave of absence service provider.
- Team members subject to reset will reset based on their actual total sales and may be subject to any future adjustments to the commission reset plan summary.
 - If a team member transfers between eligible Signet brands during the reset look-back period, the combined sales of all worked locations will be used to determine the reset percentages.
 - Commission payouts are subject to statutory payroll withholdings and other applicable withholdings such as Wage Garnishments and/or Child Support Enforcement Agency (CSEA) requirements.
 - If a team member terminates during the fiscal year, the following rules will apply to the payout:
 - If the team member is re-employed within a 6-month period, the individual commission reset percent will remain intact unless a commission review has been conducted since termination. In such an event, the team member is subject to the normal reset rules.
 - If the team member is re-employed at any time beyond six months, the team member will be treated as a new hire and the individual commission percentage will default to the lowest percent.
 - Commissions are not earned until the completion of the period during which a sale may be negated by a return. All commission payments are incentive payments that are paid as an advance until earned. As such, commission payments reflected in any pay period will be based upon the net amount of the incentive payment being advanced minus the overpayment of previous advances resulting from returned merchandise during that pay period.
 - Commission payouts are subject to statutory payroll withholdings and other applicable withholdings such as Wage Garnishments and/or Child Support Enforcement Agency (CSEA) requirements.
 - This program is not intended as a contract of employment for any given period of time and does not alter the at-will nature of the team member's employment.

Frequently Asked Questions

Will the individual commission rates and sales tiers change in the future?

The individual commission rates and sales tiers may change in the future. The sales thresholds will be reviewed and are subject to change. Communication will be distributed before changes to commission rates or sales tiers occur.

Is there a separate, individualized commission rate based on employment statuses (i.e., full-time, part-time, seasonal)?

No. At this time there are no separate commission tiers or required sales level based on employment status.

What happens if I change positions or work in more than one eligible store during the fiscal month?

The Commission Plan is not dependent on a team member's position so long as they meet eligibility requirements under the program rules. You continue to be eligible for commission as long as you are in a commission eligible role and location. If you sold in two or more eligible locations, you will be credited for eligible sales in all locations. The individual commission amounts are paid in total for all eligible work locations. Similarly, the team bonus gives eligible team members credit for each location they have eligible sales in and are combined in the monthly payout. The store manager sales bonus will be paid out to the store manager in role on or before the 15th day of the period.

What if I leave the Company prior to the end of a fiscal month, will I still receive my bonus/commission earned?

No. Team members must be currently employed at time of payout.

Will ESA sales count towards my individual commission threshold achievement?

Warranty sales earn 5% commission. They do not qualify for individual commission, but they do count towards your individual commission threshold achievement.

Will Buy Online Pick up In-Store (BOPIS) orders count towards my individual commission threshold achievement?

Yes. Using the Concierge app, the team member who assigns the pickup to themselves will receive credit for the BOPIS order and any individual commission earned will be included in monthly commission payments.

Will Ship From Store (SFS) sales earn merchandise and repair commission and count towards my individual commission threshold achievement?

Team members that use the Concierge app to pack the orders will receive the incentive listed below. Additionally, SFS orders are included for the calculation of store quota level achievement. SFS sales do not count toward your individual commission threshold achievement.

If an order is picked and packed in, the SFS payment schedule is:

- Under five (5) hours, the team member packing the order receives a \$3 incentive payout per order
- Over five (5) hours, the team member packing the order receives a \$1 incentive payout per order
- The SFS incentive is paid biweekly and will be listed separately on your paycheck.

Will the sale of a gift card count towards my individual commission threshold achievement?

No. The sale of a gift card does not count towards individual commission threshold achievement or earn commission. A transaction where a gift card tender is used to make a purchase, the eligible sale will count towards individual commission threshold achievement.

How can I maximize my commissions?

Please refer to your brands Understanding and Maximizing Your Commission document located on the SIGnet under Departments > Operations Administration > Store Resources > Commission for additional information.
